

Coming fall of 2012

PATHWAYS TO GREEN SCHOOLS

2ND ANNUAL WORKSHOP

**San Joaquin County Office of Education
Wentworth Education Center
2707 Transworld Drive, Stockton**

Coming fall of 2012!

Think Inside the Triangle™

Educators and Students:

Green Your Curriculum: Teach green and use green to teach everything else. Learn about school gardens, eco-clubs, EEI, solar, clean air, green field trips, and funding.

Special Student Peer Session: What would you do? What *can* you do? How can you engage fellow students, parents, faculty, and staff?

Please only bring students that want to make a difference at your school and will benefit from attending.

[Click here for more information.](#)

Demonstrations needed. [Contact us](#) to share your success story.

Classified Staff:

Green Your Campus: Make your campus a healthier place to learn and work. Save resources and money. Learn about recycling, environmental audits, water conservation and quality, less toxics, air quality, composting, maintenance, janitorial, energy conservation, transportation, Integrated Pest Management, and funding.
